Short Description

The waterproof and impact-resistant Iridium satellite phone with emergency call function and push to talk function for extreme missions around the globe.

Description

The waterproof and impact-resistant Iridium satellite phone with emergency call function for extreme missions around the globe.

Special feature: The 9575 PTT is equipped with a push-to-talk function (talk button), which allows to establish a kind of radiotelephone connection to other participants of a closed group via satellite. A special contract is required for this.

A suitable Iridium SIM card is required for operation:

- Iridium postpaid SIM with monthly subscription
- Iridium Prepaid SIM with credit

Select the appropriate SIM card under "Accessories and similar products"!
